I Introduction

T: Hello, dear friends! You are invited to take part in the intellectual game “What? Where? When?” There are two teams here: Experts 9A and Experts 9B. They want to fight and win. Let’s wish them good luck!” Our contest begins. Fans, will you show your slogans? Captains, come here, turn the top and listen to your task (Вращается волчок и с его помощью капитаны по очереди выбирают сектор вопросов).

II The process of the game

После выбора сектора ведущий берет вопрос из этого сектора и зачитывает его или показывает его на экране компьютера в презентации. Учащиеся слушают вопрос, обсуждают и выполняют задание в своих командах. Капитан решает, кто будет отвечать. Отвечающему игроку на голову надевают цилиндр-символ мудрого джентльмена.

На обдумывание вопроса дается одна минута, которая исчисляется с помощью песочных часов. Если команда готова раньше, она может подать сигнал, включив настольную лампу. После ответа игроков на экране появляется правильный ответ и подсчитываются очки каждой команды.
